

## Find it EZ Code Search Pro Now Live on SAP® Store

*By integrating with SAP Crystal Reports®, SAP HANA® and other popular databases, Code Search Pro delivers universal software change-impact analysis to customers*

**Kelowna, BC Canada — April 10, 2017** — Find it EZ Software Corp. today announced that its Code Search Pro suite is now available on the [SAP® Store](#). Code Search Pro integrates with SAP Crystal Reports®, SAP HANA® and other major database systems to optimize enterprise software changes. SAP Store is the online destination to discover, buy, use, renew and upgrade offerings from SAP and its partners in a simple, digital interaction.

*“The opportunity to co-market and extend our reach through the SAP Store is an exciting and huge step forward for our partnership with SAP.”* said Ken Gnazdowsky, president, Find it EZ. *“Offering Code Search Pro on the SAP Store – as an extension supporting both SAP analytics and database technologies – will allow us to increase our brand awareness in a key target market while also providing a convenient one-stop procurement experience for customers.”*

Code Search Pro is a new offering that enables business intelligence (BI), analytics and database developers to address the need for accurate and timely change-impact analysis across interconnected components and all software layers. The use of the solution results in faster and more reliable enterprise software upgrades.

Code Search Pro is now available in a Windows desktop or server edition on [SAP Store](#). It provides the following:

- The ability to find all references every time there is a change in databases, BI reports, software source code, Microsoft Office documents and data files
- Automated creation of report definitions, database cross-references and other documentation
- Instant, global data source or password changes for an entire library of SAP Crystal Reports
- Proven, significant savings for customers looking to better manage project costs associated with implementing enterprise software changes

SAP Store offers solutions from both SAP and third parties for business analytics, mobile apps, cloud solutions and other personal-productivity, business-process software and services. Offerings on the store include not only software but also education, content and data, all available for purchase via a credit card and PayPal in more than 230 countries and territories. SAP Store is available at [SAPstore.com](#) and brings the benefits of these offerings directly to customers wherever they are.

As a partner in the SAP PartnerEdge® program, Find it EZ Software Corp. is empowered to build, market and sell software applications on top of market-leading technology platforms from SAP. The SAP PartnerEdge program provides the enablement tools, benefits and support to facilitate building high-quality, disruptive applications focused on specific business needs – quickly and cost-effectively. The program provides access to all relevant SAP technologies in one simple framework under a single, global contract.

### **About Find it EZ Software Corp.**

Headquartered in Kelowna BC Canada, Find it EZ creates productivity tools for software developers. Whenever changes are planned or made to the underlying database in any software application, it can be a challenge to find all referenced code that may be affected. Normally, each software layer or programming language would require time-consuming and disconnected analysis with a variety of independent tools. Code Search Pro by Find it EZ provides a full 360-degree view of the entire code-stack in a single

integrated application. Case studies have shown that companies like Westinghouse, Sprint, The Mayo Clinic and Pan American Life Insurance, using solutions from Find it EZ to manage their software changes, have increased their productivity by 42% or more. Code Search Pro received a Microsoft award for innovation in 2011.
